WEEK 7 :: PRE-ORAL DEFENSE

WEEK 7

CONTENT

- Expectation
- POD Guidelines
- Documentary Requirements
- POD Presentation

WEEK 7

EXPECTATION

WEEK 7

GUIDELINES

1. The TSA shall guide the student researchers throughout completing chapters 1- 3. In particular, the TSA is responsible for ensuring that the TD RSC (D10) is incorporated in the manuscript (Chapters 1-3). For example, followed the recommended specific objectives, chosen the appropriate project design and methodology, and distributed the revised data collection instruments, as well as in the system.

GUIDELINES

2. The team shall use logical diagrams, frameworks, DFD or system flowcharts to represent the process (module) of their model/system/prototype. Model/system/prototype percentage will be graded as against the logical diagram presentation that is reflected in the CLF (D15).

GUIDELINES

3. The team shall present on time (as scheduled) the 1st prototype (60%); 2nd prototype (80%) of the model/system/prototype together with its supporting deliverables-logical diagram (D7/ D8) and CLF (D15) to TSA. To ensure that the process is synchronized with the framework/diagram, the team must always seek guidance from their respective TA and Consultant. In every consultation visit of the proponents, the TA and Consultant shall write their recommendations or comments and affixed their signatures in the CLF. Their signature would imply that the system and the logical diagram had been checked /corrected diligently.

GUIDELINES

4. Once the team ensured that all recommendations for improvement (D10) of the Title Defense panelists are incorporated in the manuscript (Chapters 1-3), and that the system is almost 100% complete and functional, then the team shall prepare the POD Hearing Notice.

WEEK 7

GUIDELINES

5. The Project head/any member of the team forwards the POD Hearing Notice (D9), CLF (D15), 3 copies of the title Panel RSC (D10) and manuscript (D8) to the TSA.

WEEK 7

GUIDELINES

5. The Project head/any member of the team forwards the POD Hearing Notice (D9), CLF (D15), 3 copies of the title Panel RSC (D10) and manuscript (D8) to the TSA.

WEEK 7

REQUIREMENTS - PRE POD

- CLF from TA
- CLF from Consultant
- POD Hearing Notice Form (2 copies)

WEEK 7

REQUIREMENTS - During POD

- Manuscript Chapters 1 - 5 (3 copies; CORRECT FORMAT)
- RSC (3 copies)
- POD Hearing Notice Form (2 copies)
- CLF from TA
- CLF from Consultant
- Printed POD Rubric
- Member Participation

- Model/Prototype/System
- Dataset (For testing, if applicable)
- PPT Presentation

WEEK 7

PRESENTATION - DURING POD

- RSC Presentation
- Brief Summary of C1-C3 (Problem, Objective, Framework)
- Chapter 4 - Results and Discussion
- Chapter 5 - Summary, Findings, Conclusion, Recommendation
- Presentation of Prototype/Model/System

WEEK 7

DELIVERABLES - MIDTERM PERIOD

- Accomplished RSC
- CLF TA and Consultant

- Chapter 4 - Sep 22

- Chapter 5 - Sep 29

- Participation/Team Member Evaluation - Oct 6
